Thanks very much – very good note. As you've seen, I made a very few minor tweaks and sent it out.

Nonresponsive Deliberative/Ex. 5 relating to training

Hello Jennifer and Liz,

Thank you for your kind words. I think I can speak for Anahita as well when I say that we recognize the next few months will be busy and challenging but are thankful for, and look forward to the opportunity presented.

Subject: let's work together towards a brighter future

Dear Walter and Anahita,

We hope this email finds you well. Congratulations to you both on your new roles as Acting RA and Acting DRA! We are excited to work with you both. We're sure you are going to be busy in the next few weeks, and we appreciate you taking the time to read this email.

As we embark on a new chapter in the EPA, we are excited about Michael Regan being nominated to the position of EPA Administrator. His background in environmental justice and other racial issues will be an exciting focus for our agency and region.

Nonresponsive Deliberative/Ex. 5 relating to training

If you are comfortable with it, we would love to set up a follow-up meeting to discuss this further with you both. We are sure you will have a TON of things on your plate with this transition; however, we hope this will be considered as much of a priority for you as it is for so many of us.

Thanks again for your attention to this matter.

-Jennifer and Liz
